Subject: Wal-Mart Bank

Good day,

I hope this message finds you well. I, like so many of concerned Americans, urge you find your judgement against the Wal-Mart Bank proposal.

Wal-Mart has a proven history of consistant disservice to the communities they have inhabited. Their record is clear to see. They squash local, community competitions and thereby rob the public of the free choices they had before Wal-Mart moved in.

Instead of being a friend and asset to communities in our fair country, Wal-Mart leaves in it's wake destroyed economies and shattered lives.

I am by no means a fanatic and, quite frankly, I normally much better things to do in my busy schedule than to type at you to tell you how to do your job. I am also aware that you probably do your job quite well.

Look into this, please. Find out the truth. The fact is we are better without Wal-Mart. We are happier, richer and our outlook is much healthier.

Stop them.

Thank you for your kind consideration in this matter.
